The concrete broke your fall
to hear you speak of it
I'd have done anything
I would do anything
I feel like a cartoon brick wall
to hear you speak of it
you've been so sad
it makes me worry
why not smile?
you've been sad for a while.
why not smile?

I would do anything to hear you speak of it. why not smile? you've been sad for a while. you've been sad for a while.
