

3-Way Phone Call

R. Kelly

Hello

Hey little brother

Hey sis how you doing?

Fine, what's going on with you?

Oh nothing much

Got your message from earlier this afternoon
And something just didn't sound right
And so I'm calling you back to check on you
How you holding up?

Oh everything is fine

You know I don't believe you

Whatcha saying? You think I'm lying?

I'm not saying it, but I know you

How you know me?

Cause you're my brother
And therefore I can tell
When something is troubling you

Ok Ok, I give you that
Nothing's wrong, I take that back
There is something on my mind
But sis, I don't want to waste your time

But I done told you time and time again
Whatever you're going through
You can come and talk to me
And I will say a prayer with you

But I done prayed and prayed night and day
I still can't seem to find my way

Rob that ain't nothing but the devil telling you
That you're washed up and you're through
But sister's here to let you know
Boy you're gonna make it through

Sister, do you really believe that I can rise again

Yes, and not only that, Rob, God will forgive you for your sins

Can you tell me what to do?

Well first you gotta believe the truth

Sometimes it's hard to believe in Him

That's okay because he believes in you

The winds, the rain

The storm

The weapons that are formed against us (I will survive)

The trying times

The sleepless nights

Just know that faith is with us (and I believe yeah)

Through all of the hills

And valleys roamed

That we must come to (woah)

Walk side by side

Follow the light

And we'll make it through (We'll make it through yeah)

So, so what you're saying is believe a little more?

Yes, cause faith is the key that will opens up the door

What you're saying to me, it's hard to receive

Especially when trouble follows me

When we're keeping it real

Robert sometimes

Trouble can follow where you lead

Yes sister, I know sometimes, but I...

Just wait, let me make a phone call

To who?

A prayer buddy of mine

She can help you tear down your walls

I don't want nobody in my business

She's a friend

And besides you need this

You know how church folk can be

Boy I'm your sister, trust in me

Mmm

Now hold on

Maybe she's gone...

No

Maybe we ought to just try...

Hello

Shh shh, hello, is Kim there?

Yes, I think she's around here somewhere

Hold on

Now you just let me do the talking

Mmm hmm

Hello?

Hey girl, how you doing?

Hey Kelly

My little brother's on the line and needed advice from you

Ooh what can I do for you?

Hello?

Go ahead Rob, she's talking to you

Oh, well, I know you must be very busy

So I'm not going to mess around, nah

Just telling my sister how my life is upside down

And I don't know whether I'm going left or right half the time

Sometimes think I'm gonna lose my mind, you feel me?

Mmm hmm... similar to what I used to go through

Really?

Yes, and sometimes I still do

Yeah?

See it doesn't matter who you are

Or where you're from

If you struggle, God will use you

Amen sister, what you're saying is so true

Rob are you there?

Yes, I'm just listening to the both of you

It's so easy to say, but not so easy to do

Yes but if you stand the truth

It will free you

Oh

Just stand strong

Stand strong

With your head held high

With your head held high

Said it wont be long

In time he will provide

Will he?

Yes he will

You just stay in the race

Just stay in the race

And keep on running

And down to the end

Cause your day is coming

The winds, the rain
The storm
The weapons that are formed against us
The trying times
The sleepless nights
Just know that faith is with us
Through all of the hills
And valleys roamed
That we must come to
Walk side by side
Follow the light
And we'll make it through

He'll give you peace
In the midst of your storm

Sometimes I feel like it's too late for me

But he'll never leave you

No way

You just gotta hang on

Hang on

Robert say a prayer, keep your head
God will do just what he said

Finally I think I get it

Yes, that's it
That's the spirit

The winds, the rain
The storm
The weapons that are formed against us
The trying times
The sleepless nights
Just know that faith is with us
Through all of the hills
And valleys roamed
That we must come to
Walk side by side
Follow the light
And we'll make it through
The winds, the rain
The storm
The weapons that are formed against us
The trying times
The sleepless nights
Just know that faith is with us
Through all of the hills
And valleys roamed
That we must come to
Walk side by side
Follow the light

And we'll make it through
The winds, the rain
The storm
The weapons that are formed against us
The trying times
The sleepless nights
Just know that faith is with us
