Cause you're my brother And therefore I can tell When something is troubling you Ok Ok, I give you that Nothing's wrong, I take that back There is something on my mind But sis, I don't want to waste your time But I done told you time and time again Whatever you're going through You can come and talk to me And I will say a prayer with you But I done prayed and prayed night and day I still can't seem to find my way Rob that ain't nothing but the devil telling you That you're washed up and you're through But sister's here to let you know Boy you're gonna make it through Sister, do you really believe that I can rise again Yes, and not only that, Rob, God will forgive you for your sins Can you tell me what to do? Well first you gotta believe the truth Sometimes it's hard to believe in Him

That's okay because he believes in you The winds, the rain The storm The weapons that are formed against us (I will survive) The trying times The sleepless nights Just know that faith is with us (and I believe yeah) Through all of the hills And valleys roamed That we must come to (woah) Walk side by side Follow the light And we'll make it through (We'll make it through yeah) So, so what you're saying is believe a little more? Yes, cause faith is the key that will opens up the door What you're saying to me, it's hard to receive Especially when trouble follows me When we're keeping it real Robert sometimes Trouble can follow where you lead Yes sister, I know sometimes, but I... Go ahead Rob, she's talking to you Oh, well, I know you must be very busy So I'm not going to mess around, nah Just telling my sister how my life is upside down And I don't know whether I'm going left or right half the time Sometimes think I'm gonna lose my mind, you feel me? Mmm hmm... similar to what I used to go through Really? Yes, and sometimes I still do Yeah? See it doesn't matter who you are Or where you're from If you struggle, God will use you Amen sister, what you're saying is so true Rob are you there? Yes, I'm just listening to the both of you It's so easy to say, but not so easy to do Yes but if you stand the truth It will free you Oh Just stand strong Stand strong With your head held high With your head held high Said it wont be long In time he will provide Will he? Yes he will You just stay in the race Just stay in the race

And keep on running And down to the end Cause your day is coming The winds, the rain The storm The weapons that are formed against us The trying times The sleepless nights Just know that faith is with us Through all of the hills And valleys roamed That we must come to Walk side by side Follow the light And we'll make it through He'll give you peace In the midst of your storm Sometimes I feel like it's too late for me But he'll never leave you No way You just gotta hang on Hang on Robert say a prayer, keep your head God will do just what he said Finally I think I get it Yes, that's it That's the spirit The winds, the rain The storm The weapons that are formed against us The trying times The sleepless nights Just know that faith is with us Through all of the hills And valleys roamed That we must come to Walk side by side Follow the light And we'll make it through The winds, the rain The storm The weapons that are formed against us The trying times The sleepless nights Just know that faith is with us Through all of the hills And valleys roamed That we must come to Walk side by side Follow the light

And we'll make it through The winds, the rain The storm The weapons that are formed against us The trying times The sleepless nights Just know that faith is with us
