

# Feelin' Single

R. Kelly

I can't believe you're playing me like this,  
I thought the love we shared, the good times we've had. Remember?  
Yeah

Feels like it's over,  
My heart tells me she's in love with someone else.  
Gave me the cold shoulder  
But that's her loss, cause I can find me somebody else

If she wanna hit the town  
And party all night with her friends  
If she wanna fool around  
Then two can play that game, baby

You got me feeling single,  
About to get up.  
Find somebody  
Who's gonna love me, girl.  
Feeling single,  
Night is young,  
Hit the club  
Take somebody home with me

Get it, get it  
Get it, get it  
We can get it, baby  
Get it, get it  
Now I'm better single

She said 'forever'  
Turned out to be the biggest lie  
Of all time  
And she changed my weather  
Rainin' all day  
No chance of sunshine

If she wanna hit the town  
And party all night with her friends.  
If she wanna fool around,  
Then two can play that game, baby

You got me feeling single  
Feeling single,  
About to get up.  
Find somebody  
Who's gonna love me.  
Feeling single,  
Night is young,  
Hit the club  
And take somebody home with me.

Get it, get it  
Get it, get it  
Till the morning, baby  
Get it get it  
Now I'm better single

The way I see it, girl, not gonna do right  
About me, baby girl.  
And I might as well (I might as well)  
I might as well get out a mingle, girl  
Cause you got, you got, you got me feeling single

Yeah  
And I don't wanna do it, baby,  
But you're gonna make me  
Find somebody  
Who's gonna love me,  
Treat me right, baby  
Be in my house, in my room, in my bed, in my arms at night baby.  
And she's gonna love me, baby  
And she's gonna give all lovin' lovin', baby
