I don't understand I do all this for you You contemplating on me Or is it him Or is it me Or is it him He told you he'd be there for you And he wasn't I told you I'd be there for you And I was And still is the real is Who takes care of biz Took you from apartments And got you home like The Wiz I'm not the kind of quy To give you everything But if you're real then You can get some ice in your rings You and me straight to the crib Off the tour bus Spottin' my eyes, fireplace, big as us It really don't matter Who's first in the shower Fruit platter from a young maid every hour And when it comes down to the dollar You can have it All ya gotta do is keep it hoppin' like a rabbit Friends come around don't be ready to change Treat me like a stepchild when I'; m up on my game Remember I'm the first to give your cootie the pain So I wanna hear you answer when I ask you my name

Ooh baby, I want you here with me
And give you everything
That your heart desires
Lady can you feel me
Do you wanna be with me for always
Baby can't you see
What you do to me
when he do the things that he has done to you baby

You don't need nobody to love you
You don't need nobody to kiss you
You don't need nobody to please you, ooh babe
Cuz I can do those things if I'm wit you, baby

Now who took you in when that nigga put you out
And who picked you up when that nigga put you down
Restraining orders keep that fool from around
Had to set you up in a spot downtown
See I was the one who was there for you
But I'm not the one that's gonna play the two
Channel bags in the trunk what you gon' do
You could treat the future like a menu
As long as I'm the only one to bend you
And when you wanna take a flight I'm the one to send you
Never be the one that's out to hurt you

Tell you that I'm there and then desert you

You don't need nobody to love you
You don't need nobody to kiss you
You don't need nobody to please you, ooh babe
Cuz I can do those things if I'm wit you, baby
(2x)

Baby, can't you see What you do to me When he do the things he do to you, baby

You don't need nobody to love you
You don't need nobody to kiss you
You don't need nobody to please you, ooh babe
Cuz I can do those things if I'm wit you, baby
