

Like I Do

R. Kelly

Listen shawty, can't nobody rock your body like the R. (2x)

Oh, oh oh, oh oh (2x)

I ain't a doctor, can't save a life
To say I could, I'd be outta my mind
I ain't no pro athlete, can't run for miles
That's another thing I won't even try

See there's a lot of things that I can't do
Can't hear mistakes, I make a lot of
But in a couple of categories, I do
I blow the competition out of the water

There's only 2 things, in this world
That I'm the best at, it's true
Number 1 is music, and baby girl
Number 2, can't nobody rock your body out
Like I do, like I do, like I do
Can't nobody work your body out
Like I do, like I do, like I do

I ain't a painter, ain't got a brush
To paint a portrait of love
I ain't no pilot, can't take you up
So you can fly through the heavens above

See there's a lot of things I can't do
Can't hear mistakes, I make a lot of
But in a couple of categories, I do
Blow the competition out of the water

There's only 2 things, in this world
That I'm the best at, it's true
Number 1 is music, and baby girl
Number 2, can't nobody rock your body out
Like I do, like I do, like I do
Can't nobody work your body out
Like I do, like I do, like I do

I can be your trainer, I can be your trainer
Come on in my health club
Bend it over, stretch (ooh)
Stretch (ooh), stretch (ooh)
Baby let me you train ya

I can be your trainer, I can be your trainer
Come on in my health
Bend it over, stretch (ooh)
Stretch (ooh), stretch (ooh)
Baby let me you train ya

There's only 2 things, in this world
That I'm the best at, it's true
Number 1 is music, and baby girl
Number 2, can't nobody rock your body out
Like I do, like I do, like I do

Can't nobody work your body out
Like I do, like I do, like I do

Oh, gonna make your body say
Oh, oh oh, oh oh
Baby (baby), woah baby
Ooo, ooo, ooo,
Forget about it, listen shawty
Can't nobody rock your body, like the R.
