Pull up to the club at about three  
I'm killin' it, guilty no plea  
I'm leaving out at 6 with a dime piece  
By 9 o'clock, we on round three  
I speak of rain they say I'm crazy like they didn't know  
See I'm not crazy but my talent, man, got bipolar  
Say she's a church girl but man she's blowing holy smokes  
Showed her the Jesus piece now she got the Holy Ghost  
They asked them in a interview, "why do he love these girls?"  
The only thing he had to say was, "motherfuck the world!"
