

## Victory

R. Kelly

Seems like the more I climb the hill gets deeper  
And the more I rise see I get deeper  
It's like the more I give see the more is taken  
And the more I'm loved the more I'm hated  
Still the more I fall the more I'll get up  
And keep on driving when the road gets tough  
And I won't stop till I get what's mine  
But un till then  
See I'm tearing down the walls and I'm moving the mountains  
I'm stirring up the sea and be leavin in a change  
Putting out the fire indure it to the end  
They will come and I will shout victory

Tearing down the walls and I'm moving the mountains  
I'm stirring up the sea and be leavin in a change  
Putting out the fire in dure to the end  
They will come and I will shout victory

Seems like the more I win the more I loose  
The more my minds made up the more I'm confused  
It's like the more that I search the more I get lost  
And just when I get on seems like I fall off  
But the more it rains the more I pray  
Cause I know tomorrow will bring a brighter day  
So I won't stop till I get what's mine  
But un till then  
I'm tearing down theese walls and I'm moving the mountains  
I'm stirring up the sea and be leavin in a change  
Putting out the fire in dure it to the end  
They will come and I will shout victory  
I'm tearing down the walls and I'm moving the mountains  
I'm stirring up the sea and be leavin in a change  
Putting out the fire in dure it end  
They will come and I will shout victory

When the morning comes I will rise  
There a angel for me in the sky  
As long as heavens right by my side

I'm tearing down these walls and I'm moving the mountains  
I'm stirring up the sea and be leavin' in a change  
Putting out the fire in dure it to the end  
They will come and I will shout victory
