Something felt so good when you said my name
(Oh oh)
All that I want from you is to feel the same
(Oh oh)
Stay for the night
I want to show you what the real you is like
Oh oh
Turn back the time
I'm only livin' when you're here in my life
And now you're leavin'

My heart's loney without you
My eyes only see you and me
Stupid, thinkin' about you
Its hard, hard, cause you make me feel good
Cause you make me feel good

Maybe this is love or maybe I'm insane, yea
(oh oh)
Temptations pulling me and now I can't escape
(Oh oh)
Give me the night
I want to know all of the secrets you hide
Oh oh
Lay by my side
I'm only livin' when you're here in my life
And now you're leavin'

My heart's loney without you
My eyes only see you and me
Stupid, thinkin' about you
Its hard, hard, cause you make me feel good
Cause you make me feel good
