

Here Comes Forever

R5

I'm like that boom box outside of your window
I'm that Delorean blowin' past 88
And where we're goin', girl
Won't be needing roads cause (oo)
This aint no 50 first dates

I'm talkin' bout startin' out as friends
I'm talkin' bout real and not pretend
I'm talkin' bout roles of a lifetime
You and I can even write the end, yeah

Here comes that movie scene
The one you hate, so cliché
That moment when we kissed
By the lake, pourin' rain
I ain't no Superman
But I can change your world
Ooooooooo
Here comes forever girl
Ooooooooo
Here comes forever
Ooooooooo
Here comes forever girl

This ain't no remake of a Romeo story
Ain't no werewolf tryin' to steal you away
I'll be your a-list, be the man on the moon cause
Me and you outta space

I'm talkin' bout starting out as friends
I'm talkin' bout real and not pretend
I'm talkin' bout roles of a lifetime
You and I can even write the end, yeah

Here comes that movie scene
The one you hate, so cliché
That moment when we kissed
By the lake, pourin' rain
I ain't no Superman
But I can change your world
Ooooooooo
Here comes forever girl

Na Na Na Na Na Na (7x)

Let's go home together
Play our roles forever
Let's grow old together
Here comes (2x)
Here comes forever baby

Here comes that movie scene
The one you hate, so cliché
That moment when we kissed
By the lake, pourin' rain
I ain't no Superman
But I can change your world

Here comes forever girl
Here comes forever
Here comes forever girl
(Forever and ever and ever and ever)
Here comes forever girl
