

Lightning Strikes

R5

There ain't no way that I could ever forget you
I can't remember why I ever went and left you

Maybe I was hitting my head
Maybe must've been something that I said
Baby I want to take it back tonight

Oh oh oh oh [x2]
You don't have to tell me twice
When lightning strikes

Oh oh oh oh [x2]
You don't have to tell me twice
When lightning strikes

Eh eh eh eh eh eh eh eh [x2]

So obvious that I wasn't seeing clearly
'Cause right before my eyes you were disappearing
If I could just go back in time
Say the words that blow your mind
Loaning less is such a crime
There ain't a thing I wanna do
I wanna do yeah

Maybe I wouldn't have been so
Crazy I was stupid letting you go
Baby I want to take it back tonight

Oh oh oh oh [x2]
You don't have to tell me twice
When lightning strikes

Oh oh oh oh [x2]
You don't have to tell me twice
When lightning strikes

Why can't I
Let you know
Why can't I

Oh oh oh oh
No oh oh oh oh
You don't have to tell me twice
You don't have to tell me twice

Oh oh ooooh [x2]
You don't have to tell me twice
When lightning strikes

You don't have to tell me twice
When lightning strikes
