

Angel, Please

Ra Ra Riot

Even though
I was alone
When I gave it up
Despite all the weight you feel
I don't want you to reveal, no

Long as I feel I can tell the danger did it
Oh you guard yourself, you do
I wasn't hurt but I know you're the curse
I know you were
I know you were

Oh Angel, please
Please stay with me,
Oh Angel, please
Please stay with me

Oh, I
I will take this weight to hell
Still, I'd pray
But I know there's nothing else
No

Heaven, it knows what I give to the dead
it wasn't there
I know you were
I know you were
I know you were

Oh Angel, please
Please stay with me
Oh Angel, please
Please stay with me

Oh I don't
No I don't
Hold the light
So perverse
Gimme the light
Don't want the curse
Gimme the light
Just the light
I know you were

Oh Angel, please
Please stay with me,
Oh Angel, please
Please stay with me.
