

## For Once

Ra Ra Riot

I, I don't compete  
There was a time I was incomplete  
Had I been warned  
I might have known what to do

And if I want to have it  
I could have gone and had it  
And if I wasn't defeated alone  
Oh, I don't know why

For once, for once  
For once, for once

I can't go wrong  
I said it for ages, but  
I never get no help  
Oh hiding from my former self

And if I want to have it  
I could have gone and had it  
And if I wasn't defeated alone  
Oh, I don't know why

For once, for once  
For once, for once

Oh, I don't know why

For once, for once  
For once, for once  
For once, for once  
For once, for once  
For once
