

# Instant Breakup

**Ra Ra Riot**

Oh fear  
We don't get much done  
But that's what makes the fun  
Oh, Oh fear  
I know there's something to find  
But if it's yours it's mine  
Oh, over over

Can we do this thing without instant breakup  
Can we do this thing without instant breakup  
Ooh, I don't want to go that much

If we do this thing without instant breakup  
Then we'd never come over when love's insane  
If we do this thing without instant breakup  
Then we'd never come over when love's insane

Oh fear  
Is it what you want  
Or does it just go on  
Oh, Oh fear  
I know there's something here  
I know it's got to be real  
Oh, over over

Can we do this thing without instant breakup  
Can we do this thing without instant breakup  
Ooh, I don't want to go that much

If we do this thing without instant breakup  
Then we'd never come over when love's insane  
If we do this thing without instant breakup  
Then we'd never come over when love's insane  
Instant breakup  
Instant breakup  
Instant breakup

Fear  
I know there's something to find

If we do this thing without instant breakup  
Then we'd never come over when love's the some  
If we do this thing without instant breakup  
Then we'd never come over when love's the same  
Instant breakup  
Instant breakup  
Instant breakup
