

# Suckers

Ra Ra Riot

I need a melody  
To lift me up  
A meditation on love  
Yeah that's all I want  
I never care about looking too chic  
Unfamiliar with vanity  
Oh just a melody  
Yeah that's how to please me  
But you know...

Some suckers  
I swear  
No pleasure to be  
Out there  
Some suckers  
Stand to the back  
And barely move  
Entertain us

I don't know about the things I see  
Never cared for love in magazines  
What's the difference  
For wolves, for the plastic teens  
I can't take it  
Little toys for shotgun boys  
What's the fear  
It's never betrayed  
To just let go

Some suckers  
I swear  
No pleasure to be  
Out there  
Some suckers  
Stand to the back  
And barely move  
Entertain us  
Entertain us

I wanna know that love can change us  
I wanna know that the world's gonna end up  
Do it again  
Over and over again  
I wanna feel the best of thunder  
I wanna know if the egg's gonna shatter  
I'm doing my best  
I wanna feel the dance

Some suckers  
I swear  
No pleasure to be  
Out there  
Some suckers  
Stand to the back  
And barely move  
Entertain us  
Entertain us

Some suckers  
I swear  
No pleasure to be  
Out there  
Some suckers  
Entertain us  
Entertain us  
Some suckers
