

## What I Do for U

Ra Ra Riot

I want you to survive  
Anything you need  
I hope that heaven finds  
What you'd done when you made me  
I can't get my own feet  
Not like I want to  
Only heaven knows  
What I do for you

What I do for you  
I do for you

I'm your only hope  
I'm your savior too  
Every single test  
You've been ever carried through  
I ain't got flowers  
I ain't got my own seed  
I couldn't ever give up on you  
But don't thank me

What I do for you  
I do for you.
