

What I Do for U

Ra Ra Riot

I want you to survive
Anything you need
I hope that heaven finds
What you'd done when you made me
I can't get my own feet
Not like I want to
Only heaven knows
What I do for you

What I do for you
I do for you

I'm your only hope
I'm your savior too
Every single test
You've been ever carried through
I ain't got flowers
I ain't got my own seed
I couldn't ever give up on you
But don't thank me

What I do for you
I do for you.
