

(and as the sun goes down I cry myself to sleep)  
I watch the bugs crawling across my skin  
Now that you are gone, I can let things crumble  
And though it seems that this was meant to be  
It's so hard to see and all I do is stumble

The candles burn but it's still too dark  
I have given up so it's not worth trying  
I'll face the truth when I think I can  
Try to understand what I love denying

I'm only  
Falling through the cracks  
I'm only  
Losing my will to live  
I'm only  
Broken and beaten down  
I'm only... I'm only

I've got to go this place is poison now  
Now that you are gone and your ghost ignores me  
I beg and plead with eternity  
But this fantasy I see abhors me

The visions come during day or night  
Angels, devils pray on my weak condition  
And out of reach there's a tiny light  
That could set things right if I could change position

I'm only  
Falling through the cracks  
I'm only  
Losing my will to live  
I'm only  
Broken and beaten down  
I'm only... I'm only

If only the sun could spare me this pain  
I would open up the doors and let him in  
And look into his eyes  
Just burn away your lies  
Take you from my heart and from my soul

I'm only  
Falling through the cracks  
I'm only  
Losing my will to live  
I'm only  
Broken and beaten down  
I'm only... I'm only (2x)
