

# Getaway

Racer X

Get, get away  
Get away  
Get, get away  
Get away

You like 'em long  
You like 'em lean  
You kiss me once then you're back out on the scene  
(Ya know what I mean)

I just found out the other day  
Ya like to use and abuse me  
(Yes just don't keep it clean)

Maybe someday I can find  
A way to keep you and my peace of mind  
I need a little release  
Gotta get myself free

Get away  
Ya get away  
I gotta Get away, get away  
Get away

I told you once  
I told you twice  
Your kind of love is a bad roll of the dice  
(Snake eyes)

Get me up to let me down  
I set things straight you turn them around  
I can't take no more of this dear  
You get the hell out of here

Get away  
Ya get away  
Ya better get away, get away  
Get away

I think I finally realize  
You ain't worth a cold thin dime  
No talkin' second chance  
You've been a waste of my time

Go on get away  
Ya get away  
Get out get out  
Get away  
Get away  
Get away  
You better get away, get away  
Well get away  
You better get away, get away  
Get away  
Get out, get away  
Get away
