

You are a devil little lover  
When I got you on your back  
You got it girl like no other  
When you deal the cards are stacked

Pillow quakin' patty cakin'  
Got me in a disarray  
Oh GG what did you say?

You always say you'll please  
You always say you'll do  
Go-GG-Go I say  
What you got is more than pretty  
Some day I'm gonna pay

Time with you hard to recover  
Wear me down into a rag  
Break it shake it make it hover  
Put my bits into a bag

Mary Mary quite the cherry  
Throwin' up her legs  
Oh GG I beg

Do what you gotta do  
Don't have to ask you please  
Go-GG-Go away  
Some day you're gonna kill me  
I pray it ain't today

You always beg me please  
You lay enough for two  
Go-GG-Go I say  
Go-GG-Go all day  
Go-GG-Go away  
Some day you're gonna kill me  
I hope it ain't today
