

When I Fall

Rachael Lampa

How can I find you, are you hiding or am I
Should I go or should I wait for a sign
Following your voice, walking through a desert night
And I see your silent storm in the sky

And I stand in my emotion
And I let it be my own
And I know I'm not forsaken
And I'll never be alone

When I fall, when I fall
I know where I'll be landing
When I fall, when I fall
You will still be standing

Somewhere in the silence, I can hear your broken voice
Like a radio station fading out of range
Somewhere in the crowd from the corner of my eye
I thought that I could feel you walking by

And when I get this feeling
Like I am not so strong
I still can feel you with me
Yeah, you've been there all along

When I fall, when I fall
I know where I'll be landing
When I fall, when I fall
You will still be standing
When I fall, yeah, yeah

Somewhere I'm alone
Won't you take my empty hands
And fill them with your love
Won't you take me as I am

When I fall, when I fall
I know where I'll be landing
When I fall, oh, when I fall
You will still be standing

When I fall
I know where I'm landing
When I fall, you
I know, I know, I know where I'll be landing
When I fall
