

Shooting Star

Rachael Leahcar

I know that the stars watch over me.
Oh I hope that they will hear my plea.
Then I see a spark, a light, my destiny.
I see a diamond stud, a flame, a reason to believe.

You are my shooting star,
and I'll catch you wherever you fall.
You give me love and light,
through the shadows of the night.
I know you have a plan,
and I'll do the best I can.
I know I'll find my way,
someday.

I listen to your words, your melody.
The more I grow,
the more my song becomes clear.
Though my world gets dimmer,
the light you shine is brighter than the sun.
There's nothing I have to fear.

You are my shooting star,
and I'll catch you wherever you fall.
You give me love and light,
through the shadows of the night.
I know you have a plan,
and I'll do the best I can.
I know I'll find my way,
someday, someday.
