

Five Alarms

Rachael Sage

Everyone said don't wait
A watched pot will never boil
Everyone said have faith
But I was a faithless one

Now you're here in my arms
And we're on fire...five alarms
Now you're here in my arms
And we're on fire...five alarms

Every time you touch me
I'm like the leaning tower
Laughing at gravity
Swaying like a sunflower

Now you're here in my arms
And we're on fire...five alarms
Now you're here in my arms
And we're on fire...five alarms

Everyone said don't wait
A watched pot will never boil
Everyone said have faith
But I was a faithless one

Now you're here in my arms
And we're on fire...five alarms
Now you're here in my arms
And we're on fire...five alarms
