

# Wildflower

Rachael Sage

Are you gonna lie to me? Are you gonna just keep  
talking?  
Are you gonna fly to me?  
Are you gonna keep on walking?  
Is it just the way you feel?  
You can never seem to notice when it's someone else's  
spiel to be the one, to be so hopeless.  
Gonna be so sweet.  
Gonna give me power.  
Gonna become just like Wildflower.  
Are you gonna hold my hand?  
Are you gonna hold it back now?  
Are you gonna take a stand?  
Are you gonna reattack now?  
Is it just the toys you want?  
Never seen it wind up quickly.  
Is it just the clouds that never seem to turn you like  
me.  
Recognition gonna be so sweet.  
Gonna give me power.  
Gonna become just like Wildflower.  
Are you gonna take this chance?  
Are you gonna let it fall like,  
glitter in between your hands.  
Are you gonna save this ghost town?  
If I wasn't such an old friend would you treat me so  
unkindly?  
If I wasn't she who would've been, would you climb this  
tree so blindly?  
Recognition gonna be so sweet.  
Gonna give me power.  
Gonna become just like Wildflower.  
Recognition gonna be so sweet.  
Gonna give me power.  
Gonna become just like Wildflower.  
Are you gonna, gonna like me?  
Are you gonna, gonna keep talking?  
Are you gonna, gonna cry for me?  
Are you gonna just keep walking?  
Gonna be so sweet.  
Gonna give me power.  
Gonna become just like Wildflower.
