

Break Apart

Rachael Yamagata

Please baby please
Don't go
Please baby I need you now
Walking the world without you just won't do
Cuz I get high
On your heart

Nobody loves like you do
Nobody makes me feel whole
And if you don't fall for me too
I'm gonna break apart

Please baby please
Don't you lie
Don't say it's not our time
Nothing can stop me now from wanting you
Cuz I get high
On your heart

Nobody loves like you do
Nobody makes me feel whole
And if you don't fall for me too
I'm gonna break apart

I'm gonna break into
A million pieces around you
If you don't fall for me too tonight
If you don't fall for me too tonight...
