

# Perfect for You

Rachel Platten

I'm floored, I'm floored, I know this  
You like me in small doses  
What am I suppose to do with that?  
Yeah, yeah, ooh  
You say I bring the drama  
Like you got halos on ya'  
Half the time it's you that makes it bad  
Yeah, yeah, ooh

I'm wild and jealous, insane  
I'm scared but I don't run away (you do)  
It's pissing me off when you say  
"Calm down, calm down," like that  
You know that I'm in it for real  
And you know everything that I feel  
Yeah to me, it is a big deal  
So don't come at me like that

And it's true  
I can't seem to shake it loose  
'Cause all this insecurity's hurtin' me tighter  
Tryin' to be perfect for you  
I'm done jumping through hoops  
There's too much time I've wasted out chasin'  
I'll face it, I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect  
Yeah I cannot be perfect for you

I wear emotions on my sleeve  
I say exactly what I mean  
Isn't that real enough for you?  
Yeah, yeah, ooh  
I got no shame, I trust myself  
Won't change for you and no one else  
Making me feeling I'm not enough when I am

I'm wild and jealous, insane  
I'm scared but I don't run away (you do)  
It's pissing me off when you say  
"Calm down, calm down," like that  
You know that I'm in it for real  
And you know everything that I feel  
Yeah to me, it is a big deal  
So don't come at me like that

And it's true  
I can't seem to shake it loose  
'Cause all this insecurity's hurtin' me tighter  
Tryin' to be perfect for you  
I'm done jumping through hoops  
There's too much time I've wasted out chasin'  
I'll face it, I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect

Yeah I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect  
Yeah I cannot be perfect for you

So love me and leave me alone  
So love me and leave me alone  
So love me and leave me alone  
So love me and leave me alone

And it's true  
I can't seem to shake it loose  
'Cause all this insecurity's hurtin' me tighter  
Tryin' to be perfect for you  
I'm done jumping through hoops  
There's too much time I've wasted out chasin'  
I'll face it, I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect  
Yeah I cannot be perfect for you  
Be perfect for you  
Be perfect for you  
Be perfect  
Yeah I cannot be perfect for you
