

## Couple Of Guys

Racoon

Just a couple of guys  
from my neighbourhood  
they put there heads together  
And they told me there plan  
it was no good  
but I was young so it didn't matter  
When they told me to run  
I ran as fast as I could  
I wasn't fast enough, however  
And I laughed as a fell  
I was still feeling good  
I felt alive that's all that mattered

I was in for the fun  
I put my soul in to it  
In for the fun  
I put my soul in to it  
In for the fun  
Cause no one else will do it

Yeah, I'll do it again  
I got no regrets  
I'll do it again  
I never win  
But I'll do it again  
I got no regrets  
Do it again

Ooooh, oooh, ooooh, oooh, ooooooh-oooh

Just a couple of girls  
suppose they were friends  
not that I'm sure about it  
I was brought to a house  
when I awoke I was there  
and I was naked to the bone  
Now I'm back in my pants  
and I do wanna stand  
I need to slow down a little  
I learn to choose what I see  
what I do in believe  
was wrong and right still in the middle

Yeah I'm still in for the fun  
I put my soul in to it  
I'm in for the fun  
I put my soul in to it  
In for the fun  
When no one else will do it

Yeah, I'll do it again  
I got no regrets  
I'll do it again  
I never win  
But I'll do it again  
I got no regrets  
Do it again

Yeah let's do it again  
You see me laughing out loud  
while I'll do it again  
Let's do it again  
You see me laughing out loud but  
but I'll do it again
