## Radical Something

Cali get down like this  
Come and get down like that  
CALIIIIIIII!!!  
Let's go let's go let's go let's go  
We're crawling up the streets  
And rollin' through your town, its electric  
Bending every corner, but I'm feeling disconnected  
Because I'm young, dumb, and loaded like a shot gun  
She coasting' up on a Santa Cruz long one  
Rolling' it up and smoking' it all  
She turned around and goes  
"Where you from?"  
Left coast, best coast, did I stutter? (Hey hey!)  
West coast that's my bread and butter (Hey hey!)  
Rad Fam hot damn on the come-up  
Everybody be like  
"What up motherfucker!?"  
She looks like she's from California  
She dance with two left feet and do the hipster polka  
Funny lookin' shake a leg, bunny hoppin'  
Maybe we look stupid bit it's fine  
She looks like she's from California  
Cali get down like this  
Cali get down like this  
(You know we ain't done yet, right?)  
CALIIIIIIII!!!

Nah she ain't done yet, she slappin' down Sunset  
She so cold like Frisco, she OG like disco  
She rock them Vans 'til the day that she die

So where you from?

To some gnarly individuals

One flight from good living  
Quit your job or call in sick and
