

Little Bit Louder

Radical Something

Ooh yeah a little bit louder
Make you wanna dance yeah make you wanna dance yeah
Ooh yeah a little bit louder
Make you wanna dance yeah make you wanna dance yeah
Ooh yeah a little bit louder
Make you wanna dance yeah make you wanna dance yeah
Ooh I said ooh make you wanna dance all night

And nowadays it's got me passing up school
These hippie chicks be skinny dipping while they splash in the pool
Bebianda las cervezas I'm a passionate fool
Smiling at my socks I'm laughing at you
I don't drive drunk I got my board
I bought new wheels they make me feel like I'm flying
And I'm off to a new generation, you can hear it after me
Said you can hear it after me in my spirit factory

[Chorus]

Oh eyyy
We in it to win
Its bad news cuz the rad crew did it again
It be like all dayyyy
Boom box on the beach
Father goose on the loose and its one hundred degrees
This jam could
Make ya momma party
Make ya daddy party
And if they're working late
Then make 'em hit the after party
Make ya momma party
Make ya daddy party
And if they're working late
Then make 'em hit the after party

[Chorus]

Turn it up a little bit louder
Spin around for me, spin around for me
Turn it up a little bit louder
Spin around for me, spin around for me

[Chorus]
