

# Naked In Venice

## Radical Something

I, I had a thing for you  
But I was scared to death of making the first move  
And you, you always had a thing for me  
But when I came around, we would both just freeze

Don't let this moment slip away  
This is our last chance  
We let our clothing slip away

And then I grabbed your hand  
We're feelin' like  
Yeah, yeah  
What are we waiting for?  
Yeah Yeah  
Why are we wasting time?  
Yeah Yeah  
What are we waiting for?  
Who knows the next time we'll be naked in Venice

Tonight, does my voice sound right?  
Right enough to make you wanna sneak out in the night  
And walk upon the pavement, holding on tight  
And never letting go cuz you're scared I might fly away  
Big plans, pencil me in  
I'm talking  
No way you can censor the kid  
I'm thinking  
So young, the way we should live  
And make this one night stand for something we did  
Don't let this moment slip away  
This is our last chance  
We let our clothing slip away

And then I grabbed your hand  
We're feelin' like  
Yeah, yeah  
What are we waiting for?  
Yeah Yeah  
Why are we wasting time?  
Yeah Yeah  
What are we waiting for?  
Who knows the next time we'll be naked in Venice  
Naked in Venice, ohhh  
Naked in Venice, ohhh  
Naked in Venice

I, I had a thing for you  
And you, you always had a thing for me

Give it to me yeah, yeah  
Give it to me yeah, yeah  
Give it to me yeah, yeah  
Give it to me yeah, yeah  
Yeah, yeah  
What are we waiting for?  
Yeah Yeah  
Why are we wasting time?

Yeah Yeah

What are we waiting for?

Who knows the next time we'll be naked in Venice

Naked in Venice

Naked in Venice, ohhh
