

## Gagging Order

Radiohead

I know what you're thinking  
But I'm not your property  
No matter what you say  
No matter what you say

Move along, there's nothing left to see  
Just a body, nothing left to see

A couple more for breakfast  
A little more for tea  
Just to take the edge off  
Just to take the edge off

Move along, there's nothing left to see  
Just a body, pouring down the street

Move along, there's nothing left to see  
Just a body, nothing left to see

Move along
