```
You can force it but it will not come You can taste it but it will not form You can crush it but it's always here You can crush it but it's always near Chasing you home saying Everything is broken Everyone is broken
```

You can force it but it will stay stung
You can crush it as dry as a bone
You can walk it home straight from school
You can kiss it, you can break all the rules
But still...
Everything is broken
Everyone is broken

Everyone is, everyone is broken Everyone is, everything is broken

Why can't you forget? Why can't you forget? Why can't you forget?
