

Soul destroyed with clever toys for little boys  
It's inevitable, inevitable, it's a soul destroyed  
You're free until you drop  
You're free until you've had enough  
But you don't understand  
You've no ripcord  
No ripcord, no ripcord, no ripcord

Aeroplane  
Do I mean what I mean?  
It's inevitable, inevitable, oh aeroplane  
A thousand miles an hour  
And politics in power  
That you don't understand  
You've no ripcord  
No ripcord, no ripcord, no ripcord

The answer to your prayers  
We'll drop you anywhere  
With no ripcord  
No ripcord, no ripcord, no ripcord
