It's like I'm falling out of bed
From a long, weary dream
The sweetest flowers and fruits hang from the trees
Falling off the giant bird that's been carrying me
It's like I'm falling out of bed from a long and weary dream

Just exactly as I remember Every word Every gesture I'm a heart in cold ground

Like I'm falling out of bed
From a long and weary dream
Finally I'm free of all the weight I've been carrying

Every woman blows her cover In the eye of the beholder I'm a fish now out of water

Falling off a giant bird that's been carrying me

I fell open
I laid under
At the tip out
I was just a number

I wanna slip it over
And get back under
And if you think this is over
Then you're wrong
If you think this is over
Then you're wrong

(Wake me up, wake me up)

If you think this is over Then you're wrong If you think this is over Then you're wrong

(Wake me up, wake me up)

Like I'm falling out of bed from a long and weary dream Finally I'm free of all the weight I've been carrying

When I ask you again When I ask you again Wake me up, wake me up
