

The You In Me

Radish

I like to play D&D
And watch the Spanish channel on TV
Be a nobody... like me

Enroll yourself in B.S.A.
And build a plastic model airplane
Be a nobody... with me

With you and me
Claustrophobic energy
Astronomical intimacy
That's the you in me

I sit around and worry about my girl
When I know she's gonna be just fine
Be a nobody... like me

With you and me
Claustrophobic energy
Astronomical intimacy
That's the you in me

You can't make no money, honey
If you sit at home and read that Oscar Wilde
So I'm gonna grow up and in my way
I'm gonna stop acting so much like a child

With you and me
Claustrophobic energy
Astronomical intimacy
That's the you in me
That's the you in me.
