

Today's Bargain

Radish

I was robbing a store
I fell in love with a whore
We fell onto the floor
In the store I was robbing
So I put that gun to her head
She said, "Baby, let's go to bed
Son, you're gonna go blind
If you keep fucking me with your mind"
Today's bargain
Today's bargain
Today's bargain
Today's bargain
The store clerk, she wanted in
She said "Hey I am your friend"
I said, "No, no, it's gonna depend
If you give me all your money"
So I put that gun to her head
She said, "Baby, let's go to bed
Son, you're gonna go blind
If you keep fucking me with your mind"
Today's bargain
Today's bargain
Today's bargain
Today's bargain
She said, "Son, don't look at the sun"
She said, "Son, don't look at the sun
You might go blind"
So I put that gun to her head
She said, "Baby, let's go to bed
Son, you're gonna go blind
If you keep fucking me with your mind"
Today's bargain
Today's bargain
Today's bargain
Today's bargain
