

Just Call Me Lonesome

Radney Foster

Just call me lonesome, heartbroke and then some
'Cause I ain't got no one, since you've been gone
You called me baby, now I've got a new name
I don't need my old one, call me lonesome from now on

You used to call me, your one and only
But now you only call me someone you once knew
You were my angel, before some stranger
Stole your heart and stole my world when he stole you

Just call me lonesome, heartbroke and then some
'Cause I ain't got no one, since you've been gone
You called me baby, now I've got a new name
I don't need my old one, call me lonesome from now on

I see you with him, and fall apart again
Remembering when I was the only man you needed
We said forever, we'd be together
But he came between us and now forever lies in pieces

So just call me, just call me lonesome, heartbroke and then some
'Cause I ain't got no one, since you've been gone
You called me baby, I've got a new name
I don't need my old one, call me lonesome from now on
I don't need my old one, call me lonesome from now on
