

A Pinebox Story

Raekwon

A metal rock hit his face with a rush
They pistol-whipped him, shot him with his Dutch
He lost all his trust
Smoking Dutch, choking in his lust
Living out his lies, so one day he stole a pair of nuts
Tried to go hard, that's the wrong song
He should've just jettied, Moet in his mind up was wrong
He could've made it but he waited, hesitated
Laying on a bitch, they caught him right in front of his Moms
They did him extra dirty, stripped him, tied his hands to his V
ans
Them old school niggas left a victim
His blooded waist, broken arm, cut him in his face
I heard the chants, he don't deserve life, let him lamp
Choking him, poking him, hitting him with all kinds of knobs
Left him soaking, all in his mouth
He was out, they broke him up, knocked him out
Three times then threw him in a slouch
They took his sneakers and his beeper
Where's Theresa? Snatched the reefer
That bitch is next, catch you on the sequel
Swollen eyes, his face was pulverized
Trying to be a hustler, two ounces he want to mobilize
Dumb dummy, no team, he barely had money
Flying around, old ass Jag, buying blow from me
Ski mask robbing, jean wearing ho sweetass
