

Boyfriend

RaeLynn

Let's be honest
We don't got a lot in common
when it comes down to it
You can take his breath away
And light up every room when
you walk through it
But I don't want your six foot
legs and angel face and
sophistication
Don't really want to cause a
scene but girl you've got
anything

And I want your boyfriend
I'm not gonna lie
I'll be his girl when he tells you
goodbye
Don't worry I won't take him
cause I ain't that low
I want your boyfriend
Just thought you should know

And he and I go back so far
Oh my gosh we lived in his first
truck
First time we heard Shania
Twain
Think we were on our way to
Lubbock
And I know he loves you now
Seen so many girls come in
and out
It sounds a bit insensitive but
the truth is what it is

I want your boyfriend
I'm not gonna lie
I'll be his girl when he tells you
goodbye
Don't worry I won't take him
cause I ain't that low
I want your boyfriend
Just thought you should know

Don't know why you act so
surprised
Can't you see it in his eyes?
You must've known it all this
time

Yeah I want your boyfriend to
tell you the truth
I'll be right there when he gets
over you
What's meant to be will always
find it's way in the end

Yeeeeaaaahhhhh

I want your boyfriend
I'm not gonna lie
I'll be his girl when he tells you
goodbye
Don't worry I won't take him
cause I ain't that low

I want your boyfriend
I want your boooyyyyfriend
I want your boyfriend
Just thought you should know
