There's a big beautiful planet in the sky It's my home. It's where I live You and many others live here too The earth is our home. It's where we live We can feel the power of the noon day sun A blazing ball of fire up above Shining light and warmth enough for everyone A gift to every nation from a star There's a big beautiful planet in the s[ky It's my home. It's where I live You and many others live here too The earth is our home. It's where we live We can feel the spirit of the blowing wind A mighty source of power in our lives Offering another way to fill our needs Nature's gift to help us carry on There's a big beautiful planet in the sky It's my home. It's where I live You and many others live here too The earth is our home. It's where we live (repeat until fade) ==Credits== Written by Raffi
