

## Joshua Giraffe

Raffi

Joshua Giraffe was born in a zoo  
He lived there,too,for two years  
And a half he hasn't had a bath  
My mommy doesn't lick me  
Even when I'm sticky from  
Candy floss,candy apples,popcorn,  
Soft drinks,jelly beans and gumdrops  
And there must be something better  
Than living in this cage  
But I'm really not to sure  
Because I'm really short of age.  
Joshua Giraffe was feeling kind of sad  
Things were going bad  
How little of life he had  
Wasting away with no room to play  
Trapped in a zoo with buffalo,too.  
So he went next door to the elephant  
And asked him what to do  
I'm wasting away with no room to play  
I'm trapped in a zoom with buffalo,too.  
The elephant was very old and gray  
And he had a huge balloon bottom  
He said, Never fear Joshua,  
A vision will appear.  
That night a dream came to Joshua and  
Joshua saw animals,like crazy monkeys  
And a whole pile of  
Hippypotostropasuses  
And flitty moths,moths size 12  
And sleazy lizards  
and a tribe of nasty saviars  
But Joshua wasn't afraid  
Because he sang himself this song  
Nothing can go wrong-o  
I'm in the Kongo  
Nothing can go wrong-o  
I'm in the Kongo  
Nothing can go wrong-o  
I'm in the Kongo  
Nothing can go wrong-o  
I'm in the Kongo  
Nothing can go wrong-o  
I'm in the Kongo  
Nothing can go wrong-o  
I'm in the Kongo  
Even in his dream he knew  
He'd never get away,  
Not even for a day  
Then a peanut hit him on the nose  
Joshua Giraffe was back in the zoo.  
What could he do  
Awakened from his dream  
He'd never be the same  
Because of what he'd seen  
He'd seen:  
Alligators,crocodiles,tree sloth  
Anacondas,cobras and

Large winged moths  
Orangatangas,baboons eating grapes  
Gibbons,rude mandrills and just plain apes.  
But Joshua was lucky  
He had some special friends  
And that day they went to the zoo  
But he was up tight so they waited till the night  
And they chopped his cage in two  
He discovered he could fly and  
He soared into the sky with them  
Wrapped around his neck  
And they haven't come back yet  
So if you see them get a net.  
That's right,they haven't come back yet.  
But when they do,they say they are  
Going to free all the animals from their cages  
No matter how new or modern  
Even some pets,too.  
So if on your way home today  
You happen to find....  
A baboon basking in the balcony  
Or a lion licking a lemon in the lobby  
Or a python perched in the pantry  
A wildebeest in the W.C.  
With a turtle twirling in your tub,  
Don't be afraid,just say your a friend  
Of their friend.  
Joshua Giraffe,Joshua,Joshua  
Joshua Giraffe,Joshua,Joshua  
(woo hoo)  
Repeat nine times fading.
