

Just Like the Sun

Raffi

Just like the birds that keep on flying
Just like the wind that keeps on blowing
I see a wave of oceans rolling on and on
Just like the sun, these gifts are here for everyone
Just like the trees that keep on giving
just like the grass that keeps on growing
I hear the sound of children singing on and on
just like the sun, these gifts are here for everyone
Just as the flowers keep on blooming
Just like the leaves that keep on turning
I feel the change of seasons flowing on and on
Just like the sun, these gifts are here for everyone
Just like the moon that keeps on shining
Just like the stars that keep on twinkling
I know a world of wonders playing on and on
Just like the sun, these gifts are here for everyone
