## **On Christmas Morning**

Waiting throughout the year For Christmas morning to be here And counting how many days Till Christmas morning, drawing near On Christmas morning I'll wake up bright and early Be the first one out of bed With the mistletoe above my head On Christmas morning We can sing and celebrate And make the feeling stay All through the day Presents under the tree There's one from me to you and you to me Family and friends are here On the very best morning of the year On Christmas morning I'll wake up bright and early Be the first one out of bed With the mistletoe above my head On Christmas morning We can sing and celebrate And make the feeling stay All through the day On Christmas morning I'll wake up bright and early Be the first one out of bed With the mistletoe above my head On Christmas morning We can sing and celebrate And make the feeling stay All through the day
