

# Black in Mind

Rage

I've seen it coming, it's got to be  
No Illusions at the turning of the century  
All our wishes - forever free  
All destroyed because somehow we lost the masterkey

Leaving my dreams far behind  
Got no ambitions in time if only I'm so

Black in mind!  
When there's no point in making it  
Black in mind!  
When there's no hope for love. I'm so  
Black in mind!  
When these madmen are wasting it  
Black in mind!  
I don't want to be sacrificed for a territorial war  
Leave me alone.  
I'm so black in mind!  
Black in mind!

You made me want it, too blind to see  
That all it gave me were illusions of reality  
My eyes got used to the things they've seen  
Now where's the difference between my life and the TV screen

Leaving my dreams far behind  
Got no ambitions in time if only I'm so

Black in mind!  
When there's no point in making it  
Black in mind!  
When there's no hope for love. I'm so  
Black in mind!  
When these madmen are wasting it  
Black in mind!  
I don't want to be sacrificed for a territorial war  
Leave me alone.  
I'm so black in mind!  
Black in mind!

Leaving my dreams far behind  
Got no ambitions in time if only I'm so

Black in mind!  
When there's no point in making it  
Black in mind!  
When there's no hope for love. I'm so  
Black in mind!  
When these madmen are wasting it  
Black in mind!  
I don't want to be sacrificed for a territorial war  
Leave me alone.  
I'm so black in mind!  
Black in mind!
