Drop Dead!

Sometimes I'm pretending about being something else 'Cause I cannot stand it anymore Misanthropy might not work but I can't help myself Human kind is rotten to the core

Evolution's dead, go back to hell Demolition man, we're all to blame

Root it out - drop dead This could be a better world Go away - drop dead Root it out - drop dead May return a better man Go away - drop dead

Have you ever thought of how good nature runs itself This world doesn't need one of our rules Everyone just swallows till a perfect thing is dead The most stupid's king of all the fools

Evolution's dead, go back to hell Demolition man, we're all to blame

Root it out - drop dead This could be a better world Go away - drop dead Root it out - drop dead May return a better man Go away - drop dead

Rage
