

## Empty Hollow Reprise

Rage

Empty hollow Now I live here  
I'm no more a stranger  
And my mind is  
Free of hate and anger  
I can tell you  
My life was just an empty hollow  
I can stay here  
There is no more sighing  
And I found out  
What makes sense to try it  
I can tell you  
My life was just an empty hollow  
An empty hollow
