

# Nevermore

Rage

Her mother told her everyday: Never lose control  
Whatever then may come your way, a good girl takes it all  
And all the years she held her peace and followed every rule  
But then depression dried her heart  
And now she's screaming out

Nevermore - never we'll forget  
Nevermore - one day you'll regret

He used to be a follower  
And did what he was told  
Whatever they squeezed out of him  
A good man bears it all  
But one day he was in their way  
Did not fit in their plan  
They tried to kick him from the boat  
And now he's screaming out

Nevermore - never we'll forget  
Nevermore - one day you'll regret  
Nevermore!  
Never we'll forget, no!

Never we'll forget, no!

He used to be a follower  
And did what he was told  
Whatever they squeezed out of him  
A good man bears it all

Nevermore - never we'll forget  
Nevermore - one day you'll regret

Nevermore - never evermore  
Nevermore - never evermore  
Nevermore - never evermore  
Nevermore - never evermore
