

# Nobody Knows

Rage

C'mon now, c'mon now  
Let's get closer, I'll show you how

Let's get into my car  
Noone can see us and we got it warm

Get it out, get it out  
No need to worry, everything's allowed

Ain't this good, yes, it's good  
I know there's power in your underwood

Wohow, nobody knows  
Wohow, nobody knows

Get on up, get on down  
Let's change it over, babe, c'mon, sit down

Uh, I like it this way  
One foot in the steering wheel that's OK

Wohow, nobody knows  
Wohow, nobody knows  
Wohow, nobody knows  
Wohow, nobody knows

Wohow, nobody knows  
Wohow, nobody knows  
Wohow, nobody knows  
Wohow, nobody knows

Wohow, nobody knows  
Wohow, nobody knows
