

## Serial Killer

Rage

Jeffrey Dahmer, Ted Bundy  
Jack the Ripper guiding me  
When you laughed I had to cry  
As you tread me, so shall I

Cut 'till you bleed, that's what I need  
I eat you alive and then I will watch when you die

The fading light brings up a summer's night  
Hot is the city here, I sit and drink my beer  
I feel a need come with my inner heat  
Soon I'll be out again, out to release my pain

Lady of sin, come, let me in

Yes, I, I'm killing you serial  
And I, I chop off my victims heads (collect/number)  
Yes I, I'm killing you serial, I'm serious  
And I will find myself in good company  
'Cause man is a killer, oh can't you see

Peter Kürten, John Christie  
And Fritz Haarmann inspiring me  
You have stomped all over me  
What you've built, this will be me

I want no sex, just chainsaw your legs  
I love when you scream and then I will watch your blood  
stream

I'm like a slave, a servant of the grave  
There is an inner voice, leaving me not a choice  
I'm deaf and blind, in my distorted mind  
No room for empathy, a monster I must be

Drowning in blood, now I am god
