

# Six Feet Under Ground

Rage

Just alone, they're gone away  
Six feet under ground  
This was only yesterday  
Six feet under ground

I've had my time, I've had my place  
I've gone too far, stuck in disgrace  
What is it that I have not found  
Six feet under ground

Let me go, let me see clear  
Let me look around  
Something's waiting but not here  
Six feet under ground

I've had my time, I've had my place  
I've gone too far, stuck in disgrace  
What is it that I have not found  
Six feet under ground

How long will it take to understand  
How long will it take to comprehend  
To find my universe I have to let it go  
So long, so long...

I've had my time, I've had my place  
I've gone too far, stuck in disgrace  
What is it that I have not found  
Six feet under ground

Way back in time from ancient ways  
Discover what was lost in haze  
This is what I still have not found  
Six feet under ground

I'm six feet...
